

# PROTANDIM<sup>®</sup>

**NRF1** + **NRF2** DUAL SYNERGIZER™

## AGE IS MORE THAN A STATE OF MIND

Protandim<sup>®</sup> Nrf2 & NRF1 Synergizer™ supplements use ingredients to reduce oxidative stress and support mitochondria production to promote healthy aging and optimal health at the cellular level.

## PROTANDIM—HEALTH THROUGH NUTRIGENOMICS

LifeVantage studies the impact of good nutrition on gene expression to support a healthy and happy life.

### Product Info

#### CELLULAR SCIENCE WITH SPECTACULAR RESULTS

Our vision to help people maintain optimal health as they age was simple: combat oxidative stress at the cellular level. Stronger, healthier cells for a healthier life.

#### MIGHTY MITOCHONDRIA

Less energy, everyday aches and pains, the appearance of fine lines and wrinkles, and all that extra time it takes you to get out of bed in the morning. These are telltale signs of aging due to a breakdown in mitochondria production. Mitochondria are the powerhouses of your cells. They make ATP (Adenosine Triphosphate)—the fuel that pumps your heart, supports muscle growth and encourages healthy brain function. As your mitochondria decay, you lose ATP and the source of 95% of your body's energy goes down the drain..

*Benefits*

---

**EVERY ENGINE NEEDS THE RIGHT FUEL**

When you create more mitochondria and increase ATP levels, you end up feeling younger. And now two new Protandim products are available to help you.

**PROTANDIM® NRF2 SYNERGIZER™**

**SUPPORT HEALTHY AGING**

While antioxidants help neutralize the free radicals that lead to oxidative stress, just taking more antioxidants can only neutralize one free radical at a time. That's like trying to bail out a sinking ship with a bucket. You can take more antioxidants. But we suggest making them. Protandim Nrf2 Synergizer can help keep you healthy and strong from the inside out. Protandim Nrf2 Synergizer is a daily food supplement that supports cellular health and well-being.

*Protandim Nrf2 Synergizer is designed to:*

- Support cellular health and well-being
- Support health and well-being
- To be used with any healthy diet to support cellular health and well-being

**PROTANDIM® NRF1 SYNERGIZER™**

**A BRAND NEW WAY TO POWER YOUR CELLS**

Using nutrigenomics, the idea is simple: produce new, more powerful mitochondria, and you'll feel younger and more energetic from the inside out. New breakthroughs in nutrigenomics indicate that optimizing mitochondria function helps restore that youthful feeling at the cellular level.

*Protandim NRF1 Synergizer can help your body:*

- Feel more active
- Feel more alert
- Feel younger
- Feel rejuvenated
